UCO mPassbook Hong Kong
Application

INTRODUCTION

- UCO m-Passbook is a digital Passbook for UCO Bank Customers with registered mobile number and account number.
- Digital Passbook is available 24X7 for all types of account.
- Account statement may be sent to an e-Mail. Other facilities include personal ledger maintenance.
- In order to enable our international customers at Hong Kong to keep track of their accounts “on the go”, UCO Bank has launched UCO M Passbook- Hong Kong , where customer can view all his accounts in one single application.

SALIENT FEATURES

- M-Passbook Application is simple yet empowered with many features such as viewing digital passbook, creating your own ledger, analyse your spending, share your account statement over email and many more.
- All accounts linked with single customer id can be viewed.
- After Registration & synchronization of accounts, m-Passbook can be used offline as well, that means, without Internet Connection. Balance will be available as on last synchronize date“. Date and time of last synchronization is available at home screen.
- It enables the customers to update it anytime, anywhere and also to refer the same in OFF-LINE mode.
